

It's right there in the name: FoodShare Employment and Training (FSET).

FSET is a program that helps people become find and keep meaningful, high-wage employment by providing training and supportive services. It's a program that can be profoundly transformational.

We have proof.

Get Ready

From April 11th to 27th, we are introducing people to the FSET program through powerful participant stories told in their own words.

Through **7 incredible testimonial videos**, participants demonstrate the ways someone can use the FSET program to transform their life and achieve their employment goals.

We are dedicating **3 weeks to raising awareness**, during which time we will release new videos and encourage people to explore how the FSET program can work for them.

#GetSetFSET will run from April 11th to 27th
Pledge Your Support

Get Set

Your support pledge will ensure that essential people discover FSET.

What you can do:

- **Sign up** to be notified of updates and materials you can use
- **Follow us** on social media: [Facebook](#), [LinkedIn](#), [Instagram](#), [Twitter](#)
- **Share** our posts on social media, or make use of our pre-written posts
- **Visit** our #GetSetFSET webpage for more information
